Her Highness the
Maharani Regent
has been pleased
to approve of the
works enumerated
herein —

Krishnakant

14/10/95

Seringapatam —

1. Much has been
done in recent years for the
repair and restoration of
the famous temples of this place

The work has commanded
universal appreciation and
as an attempt to redress the
neglect of 130 years, will be
a standing monument of
His late Highness' reign

A separate proper building
for a Chattram, a commodious

Musafarkhana and a

bathing that on an appro-

priate scale are required

to complete the

already partially carried out by His late Highness and they will add largely to the convenience of the numerous pilgrims and other travellers who visit this celebrated place.

2. The Mantap in front of the Narasimha temple where the Government Chattram is now held is insufficient and otherwise unsuitable.

3. The most appropriate site for the Chattram is the one on which stood the Palace built in the early

years of this Century This Palace was pulled down a few years ago and the materials used for other purposes. A Chattram upon this site in memory of His late Highness will be a most appropriate memorial and in itself a most useful public charity. The proximity to the River of a Chattram on this site will be a great public boon.

4 The bathing throat opposite this site is in a condition of utter neglect and the unbridged channel

front of the river is a source of danger to men and cattle during floods. This channel should be either bridged or filled in and two or three flights of steps should be built to the River with mantaps for the convenience of bathers.

5. The Southern Corridor of Narainswami's Temple should be converted into a Musafarkhana for the accommodation of all Hindu travellers and the Northern Corridor set apart for the use of Bhupages

6. The works specified

above should be carefully
designed and estimate d for. &
The total cost may amount out to.
to Rs 20,000 or 30,000.

Mr Karve, Mr Sitaran
Rao, Mr Srinivas a Charlu
and Mr Standish Lee should
study the requirements from
every point of view and sub-
mit suitable designs with
an Estimate of Cost. On
receipt of this Estimate the
needful funds will be duly
provided. A Competent sub-
ordinate should be deputed
to superintend the execution
these works and of the

repairs to the Parasurama
and Gangadhara temples,
regarding which separate
instructions have been
issued -

To,

The General Secretary to the  
Government of Mysore

Sir,

With reference to para 12 of the Memo  
of the Dewan dated the 14<sup>th</sup> October 1895 regarding  
improvements to be made in the town of  
Seringapatna (a copy of which was sent to  
me with the Assistant Secretary Mr C.  
Breenkulesward Iyer's Memo bearing neither  
date nor number), I beg to state as follows:-

2 It having been ordered in the  
said para that enquiry should be made  
into the existence of private rights, if any,  
in the lands between the Seringapatna  
Railway Station and the fort on the west,  
it was done. There are 11 Survey numbers in  
the area indicated measuring in all 14 acres  
and 3 Guntas and assessed at  $15\frac{1}{4}$  Rupees.  
Of these 6 numbers measuring 8 acres and 13

guntas assessed at 11 Rupees are in private holding  
and the rest, viz 5 numbers measuring 5 acres  
and 30 guntas assessed at  $4\frac{1}{4}$  Rupees, are  
Government waste. A plan shewing them is  
enclosed as also a copy of letter no B of the 22<sup>d</sup>  
January 1896 received from the Sub Division  
officer of French Rocks giving further details

3 The other paras of the Dewan's  
memo referring to the Revenue Department  
will be replied to separately

## SUBJECT.

The up-keep of the Memorial Chattram  
at Srirangapatam

From

The Secretary to Govt., Genl. & Rev. Departments

offl Regr No.  $\frac{85}{d. B}$

Dated 23<sup>rd</sup> February 1905

In the late Dewan's printed Memorandum dated 13<sup>th</sup> December 1895, the construction of certain works was sanctioned in memory of His Highness the late Maharaja Sri Chamarajendra Wodeir Bahadur, G C S I. Among them, the following related to the Muzrai Department :-

- |                               |   |                                    |

and (4) Temple at Ellysoe Rs 1,00,000/-

As regards items (1) and (2) there are separate files of voluminous correspondence. No (4), viz the Construction of a temple at Ellysoe, has been after some correspondence allowed to drop. With reference to item No (3) i.e the construction of a Chattram and a bathing Ghat at Srirangapatam, which covers the subject of the present Note, the late Dewan wrote as follows in a memorandum, dated 14<sup>th</sup> October 1895:-

"Much has been done in recent  
" years for the repairs and restoration of the  
" famous temples of this place (Srirangapatam).  
" The work has commanded universal appreciation  
" and as an attempt to redress the neglect of  
" 130 years, will be a standing monument of  
" His late Highness' reign. A separate proper  
" building for a Chattram, a commodious

" appropriate scale are required to complete  
" the good work already partially carried out  
" by His late Highness, and they will add largely

to the convenience of the numerous pilgrims  
"and other travellers who visit this celebrated  
"place".

The late Dewan then directed messrs  
Karve, Sitarama Rao, Sunivassapharl  
and Standish Lee to study the requirement  
from every point of view and submit  
suitable designs with estimates of cost  
He further considered that the mantap in  
which the Govt Chattram was held was  
insufficient and otherwise unsuitable,  
that the new Chattram might be erected  
on the site of the Palace built in the  
early years of this century and that  
the proximity of the river to the new  
Chattram would be a great public boon

W

Subsequently, it was decided  
on the suggestion of the late Muzrai  
Secretary that 2 separate buildings  
were required on account of the Chattram  
one for the use of the ordinary class of

travellers and the other for the respectable people, that the building used for the Sandal Koti (which last would be removed to Mysore) might be altered and adapted for the purposes of the Chattram for the ordinary classes of people, and a new building constructed close to it for the use of the respectable classes. The construction of a building for the Sandal Koti at Mysore not having been undertaken, the question of altering the Sandal Koti at ~~Mysore~~ Sreeaangapatam into a Chattram has been allowed to drop. The Chattram therefore continues to be held in the old Mantap of the Sri Narasimhaswami temple.

Mr. Standish Lee, who was first entrusted with the preparation of the designs and the estimates, prepared them, but the same having been declared by the Chief Engineer to be incomplete, the latter \* \* Officer himself was requested to have them prepared and the works executed by Mr. Raghavooloo Naidu

Palace Executive Engineer, under his (the Chief Engineer's) orders in the P W Department. Meanwhile, the site required for the ~~Palace~~ and the ~~Chattram~~ were acquired at a cost of Rs 950, under Govt Pro: No 403-4 D 29 9 97. It is Mr. Raghavaloo Naidu stood transferred to Chitaldurg in connection with the Man-Kanave works, the works did not make any progress. This fact was brought to the notice of the <sup>late</sup> Dewan, and he observed as follows on the 14<sup>th</sup> October 1898. —

"It is a great pity that these works have not yet been done. The Muzrai Dept. cannot do them. Please entrust them to Executive Engineer, French Rocks, as works of another Department. Who is the Executive Engineer there? Some specially qualified man may be kept at French Rocks till the works are finished." Mr. Anupam Iyer, the Palace Executive Engineer was thereupon entrusted with the preparation of the designs and the estimates. He prepared 2 alternative designs — <sup>and estimates for</sup> one for Rs 95,547/- and the other for

Rs 71,923/- for the construction of both the Chattram and the Bathing Ghat, and said that though according to the <sup>late Dewan's</sup> memo of the ~~13th December 1896~~ 5th August 1896 Rs 60,000/- had been allotted for the purpose, it was impossible to reduce the cost of the whole project (viz the Ghat and the Chattram) by any means consistent with the safety of the structure, the architectural beauty of the design and the accommodation required in the Chattram. According to the sanctioned estimate, a sum of Rs 12,608 had been allotted for <sup>on the model of the Nanjaraaj Bahadur Chattram at Mysore,</sup> the construction of the new Chattram, and a sum Rs 4,204 for that of the two out-houses;

Mr Duggappayya, who succeeded Mr. Arjasaam in charge of the works, stated that the amounts of the estimates rose to Rs 17,200/- ~~on the whole~~ on the whole, § 5 owing to excess in concrete foundations both for the Chattram and for the out-houses. The President of the Mysore District Board Mr. H. Sparkes writes on the 12<sup>th</sup> January 1905, to the address of the Secretary to Govt., General and Revenue Departments, to say that the Executive Engineer of the French Rocks Division reports on the completion of the Chattram and suggests the same may be taken charge of and supplied with furniture and utensils at a cost of Rs 363/- as per list enclosed by the latter Officer. The President solicits instructions as to whether the building is to be taken charge of and maintained by the District Board or by the Srirangapatana Municipality or whether the Govt. would make any special arrangement for the up-keep of the Chattram. Sir,

I am directed to  
state, that, during my  
inspection of the Memorial  
Chattram at Srerangapatam,  
the following improvements  
to the building <sup>seemed necessary</sup> ~~were wanted~~

- 1) Iron hooks for every  
room and the hall for hanging  
lamps and wall lamps.
- 2) Two latrines instead of  
only one as is now provide<sup>d</sup>  
for, ~~A~~ latrine

of the kitchen blocks is ~  
required to meet the wants  
of the different classes of  
people alighting in the chattram,  
~~the cost of each latrine being~~  
~~Rs 250.~~

3) Drainage for the kitchens,  
as the water from the cooking  
and the bathing rooms now  
stagnates behind the walls.

4) Levelling the ground,  
giving a slope to the road-  
side, so that the rain  
water may freely pass off.

I am to request  
the favor of yr <sup>kindly</sup> arranging for carrying out these items of work  
~~for these items before the work~~ also in connection with  
~~of the chattram is declared to have~~ the chattram  
~~been completed.~~ I have etc
